EDUCATION

Sri Ramakrishna Engineering College: 2022-2026

Coimbatore, Tamilnadu

B.Tech Information Technology

CGPA : 8.5

CEOA Matric Higher Secondary School (HSC): 2022

Madurai, Tamilnadu

Bio-Maths

Percentage: 91

CEOA Matriculation School (SSLC): 2020

Madurai, Tamilnadu

Percentage: 99

SKILLS

Language: Java | **Database:** MySQL , SQL.

Development Tools: VS Code , Eclipse | **Design :** Canva , Figma | **Version Control :** Git , Github.

Team Skills: Teamwork, Team Management, Adaptability.

EXPERIENCE

Sri Ethiraja Technologies

June 2024 - July 2024

Web Development , Intern

Coimbatore,Tamil Nadu

- Developed a **Recruitment Management System** with HTML, CSS, JavaScript frontend and Node.js + MongoDB backend.
- Designed **UI/UX** prototypes and implemented a responsive, user-friendly application within the project timeline.

PROJECTS

Digitized Bonafide Certificate Request System: A web-based solution to automate bonafide certificate requests using **PHP**, **FPDF**, and **MySQL**. It streamlines the process, enhances security, and reduces errors for students and administrators.

Plant Disease Detection System: Led a team during Smart India Hackathon to develop an AI-powered system enabling farmers to upload plant images for disease diagnosis.

Automated Grading System : A ML-powered automated grading system that evaluates handwritten and typed answer sheets using OCR, NLP, and rule-based scoring for accurate, unbiased assessment.

EVENTS AND ACHIEVEMENTS

- Design Thinking Competition:** Secured Runner-Up position in the first event I participated in, organized by SREC COIN.
- Smart India Hackathon 2023:** Successfully qualified at the internal level of this prestigious national competition as the Team Lead for the "Plant Disease Detection System" project.
- Design Contest:** Created UI/UX designs for a healthcare platform with features like patient dashboards, appointment booking, live consultations, and logistics management, collaborating with an amazing team.

CERTIFICATIONS

- Coursera Certificate** – Java Built in Data Structures.
- Canva Essentials Certificate** – Canva Design School.
- HackerRank Certificate** – SQL (Basic, Intermediate, Advanced)
